Are Annual Eye Exams Important?

Like a lot of people you may think you only need to go to the eye doctor if your eyes are blurry or if you have problems seeing. You may feel like a yearly exam is a waste of time or money. You may be surprised to learn that yearly eye exams are an easy, very important way to protect your eyes and overall health.

A comprehensive eye exam includes checks for:

- Diabetes
- High cholesterol
- High blood pressure
- Glaucoma
- Macular degeneration
- and more
